

All Star Challenge 2017 locked and loaded with \$10K to win

The Mainline DynoLog Dynamometers All Star Series are excited to announce that Heytesbury Stockfeeds Simpson Speedway have again locked in the All Star Challenge for the upcoming season. With the Series celebrating its 10th season what better way to recognise this than a \$10,000 to win show. Already being the highest paying 360 feature in Australia the profile of this show just continues to grow.

“How exciting is this new? Already we have had 80 plus drivers run this show with us in the past including top name Americans and we believe this will attract even more teams and make the show even bigger and better. We really do now have a show that is paying serious dollars to its competitors. Thanks must be given to the Simpson Speedway committee and our sponsors for having faith in us and sharing our dream in creating a major showcase for 360’s in Australia.” says Searle.

Don’t miss the opportunity to be part of this huge event by locking the date into your race calendar now, Saturday January 14th 2017 will be the 7th annual All Star Challenge and now our \$10K to win show - spread the word.

2016 Celebrations - Left to right Jimmy Gardiner (3rd) winner John Vogels and Chris Solomon (2nd)
