

All Stars locked for history making double header

The Mainline DynoLog Dynamometers All Star Series is very excited to announce they have locked in 2 additional rounds at 2 new venues for the upcoming season.

Adelaide Motorsport Park & Sunline Speedway, Waikerie have both secured rounds of the series and worked in conjunction with each other to allow a double header event. The Adelaide Motorsport Park date is Friday February 17th and Sunline Speedway, Waikerie is Saturday February 18th 2017.

"I am very excited about locking in Adelaide and Waikerie and having 2 new tracks on board. This enables us to have 11 rounds for the Series and also hold a double header. It is an easy 2 hour drive from Adelaide to Waikerie and is a great opportunity for our 360 teams." Promoter Mandy Searle tells us.

"We have been talking with the new manager of Adelaide Motorsport Park, Bill Miller and Rob & Jenny from Sunline Speedway for the past few weeks about them taking on a series round and we got final confirmation last night. Waikerie have secured Scotcher Race Fuels & Oils as their sponsor for the night I can't thank them enough for allowing us this opportunity. Our teams love being able to compete at new venues and we love the chance to showcase ourselves to a completely new crowd base. Hopefully this weekend will be a huge success for all and become a regular on our calendar. The All Star team and I can't express how excited about this new addition to our calendar." Searle says.
